	Subject: What You Did Today on DCI Annual Report
	While you were off prepping for Europe, I
	did several things in your name on the Annual
	Report:
	reviewed a revision
	of my edit of the DCI's draft (Part I.) He has
	smoothed/improved it considerably. I called
ŞIAI	and told him to substitute
SIAI	version for mine in the DCI's reading
	pile with a note that we had reviewed it and
STAT	were pleased.
	I also inserted a short para on
ヾ゙゙゙゙゙゙゙゙゙゙゙゙゙ヿ゙	FOIA relief request on p. 9, since the DCI and wanted this in the AR and it seems
STAT	the best place to stick it. Copy for you of
STAT	re-edit is attached.
	Sent DCI and a shortened
	version of Part II for their review. Your
	copy is attached. Am circulating this to RM
	for vetting plus sections to IC components
	particularly concerned (see note at front.)
	Walt and I agreed that a full NFIB principals'
	crack at the shorter Part II is unnecessary;
	they will phone me any substantive comments on
	the longer draft by Monday and I can incorporate
	such as are appropriate.
	p. S. Be for you loave, please give guidance on how to reach to further cigs
	andrece or how to reach to turker Eigh
	de la constant

## Deputy to the DCI Approved For Reveale 2004/03/M7! CFA-RDP80M00596A000200010003-1

11 January 1979

NOTE FOR THE DIRECTOR

SUBJECT: Shortened Part II of Your Annual Report

The two little sections on CIA covert action and IG activities which recommended retaining and you approved don't really fit as either 1978 highlights (your draft Part I) or as issues of present special concern. We have thus put them at annex as two activities of concern in earlier years now operating routinely/effectively.

keep CA & IG as annex

\_\_ drop entirely

cc: DDCI w/att minus B&G)w/att
